

Pops of Courage

Spread joy and help CPN bring courage and support to families caring for a child with serious illness.

What are Pops?

Pops are brightly colored, high quality, lawn signs that will spring up on your lawn, or can be “gifted” to spring up on a friend’s lawn.

How will they arrive?

Within 7 days of placing your order, a CPN volunteer will deliver and set up the signs on your lawn or the lawn of a family you choose.

What’s included?

CPN offers 3 different options as detailed at right.

How long do the Pops stay up?

Pops will be in place for one week. At that time, a CPN volunteer will remove the signs.

How can I order Pops?

For more information and to place an order please go to
